

## Weddings & Events

Congratulations on your upcoming wedding! We're honored that you're considering working with Nunan's for your special day. We know how important your wedding is and we'll work to make it as special and unique as you're envisioning. From the first consultation to the final placement of your custom arrangements, our experienced wedding designers provide the highest quality designs and products. We focus on your personal style as a couple, and the vision you have for your wedding. We'll help create a beautiful day that's uniquely yours.

This packet includes information on everything you need to know about designing and ordering wedding flowers. We hope this answers any questions you may have, but always feel free to contact us with any additional questions and to set up your personal consultation.

## Before The Wedding

Once you've booked Nunan's for your wedding, there are many things to consider, including your floral budget, the theme of your wedding, and choosing flowers and styles. We're here to make the process as simple and fun as possible!

### **Initial Wedding Consultation**

Please come to this meeting prepared to discuss the theme and colors that you've envisioned for your wedding. It's helpful if you know the color and style of the attendant's dresses before you come to the initial consultation, as that information will dictate the color scheme of the flowers and influence the design and shape of the bouquets. Dress swatches are very helpful in planning the color scheme, and necessary if you'd like the ribbons on the bouquets to be matched exactly.

### **Flower Budget**

We do not have a minimum requirement for the weddings we create. Whatever your budget – modest or lavish – we'll work with you to create the wedding of your dreams.

### **Choosing Flowers and Styles**

Once a color scheme is established, we next choose shape and style. We have lovely wedding design books to use as inspiration, as well as pictures of our own work to provide examples. This includes the reception centerpieces that are included in the package plans of the various event facilities that we service. Please feel free to bring pictures or show us your Pinterest boards of bouquets and flowers that would love to see at your wedding.

We carry an extensive selection of fresh flowers and should have many of your choices to show you. If something is not in stock, we have pictures of individual flowers for reference. Our designers will work with you and your flower choices, but if one of your choices will not be available in time for your wedding, we will contact you with a suggested alternative.

We enjoy being creative! If you are looking for unusual flowers and design, we are eager to work with you to create something unique. Whether your style is traditional or adventurous, our goal is to create whatever gorgeous floral landscape you envision.

### **Making Changes in Your Flower Plan**

With a little homework on your part and experience on our part, there should be few changes after your review of the floral plan. As time progresses, you may need to change the number of corsages or boutonnieres, but we ask that only emergency changes be made after the flower order has been placed. The number of centerpieces is the last item to be finalized, two weeks to ten days prior to the wedding.

### **Samples**

After booking your wedding with Nunan's, we will have a discussion with you about the vision you have for your wedding, and show you work that we have done to see if we can come to an understanding of your desires and expectation. If after the consultation you do not have a clear understanding of what we can create for you, we can make bouquet or centerpiece sample for you. However, there would be a charge for these samples.

You may also view our wedding work by appointment. On Thursdays or Fridays, we can offer you the opportunity to see the work being done for that weekend's weddings. The appointment must be between 9:00 a.m. and 4:00 p.m, and will be brief as these are our busiest days for finishing bouquets and floral work. Unfortunately, we cannot offer appointments for these brief viewings on weekends, as it is an extremely busy time adding finishing touches and setting up for that weekend's weddings.

### **Consultations at Ceremony and Reception Locations**

We are more than happy to meet you at your wedding venue to discuss floral arrangements. There will be a extra charge, computed on an hourly basis, for this service.

## **Rental Items**

In addition to the personal flowers and arrangements that you purchase for your wedding, we have additional items available on a rental basis to further decorate ceremony and reception locations. Items include pedestals on which to place large arrangements, special centerpiece containers, chuppahs, lights, arches, trellises, lattice panels, trees (available with lights), and green plants such as ferns and ivy. Please let us know if you would like to see pricing for our rental items.

## **Deposit and Payment Schedule**

After your initial wedding consultation, we will send you a flower proposal with both the description of your package and a budget total for you to review. This will give you an opportunity to make any necessary corrections, additions, or deletions. To book your wedding order with Nunan's, we request a \$100 deposit. Once received, we will place your wedding date on our calendar. You can make payments on the balance due at any time.

We require that the amount be paid in full two weeks prior to the wedding date, at which time we place the flower order.

# **The Day Of Your Wedding**

On the day of your wedding, we don't want you to worry at all about your flowers and decorations. We'll take care of everything for you, so all you need to do is show up and enjoy every second of your day.

## **Flower Delivery and Set Up Charges**

Our delivery and set up charge includes stops at three locations: the bride's dressing address, the ceremony location, and the reception site. This fee is based on distance traveled and the amount of decorating at the ceremony and reception locations. If you wish to have decorations moved from the ceremony location to the reception site, the delivery charge will be adjusted accordingly.

## **Delivery Times**

Personal flowers (boutonnieres and corsages) are generally delivered two hours prior to the time of the ceremony to the bride's dressing address.

Ceremony decorations are delivered an hour prior to the ceremony, depending on the amount of decorating necessary. We will work with your venue, whether it be a church, hotel or other location, on the timing of the delivery to make sure we are not intruding on anything else that may be taking place at the location.

Reception flowers are delivered at the convenience of the reception location and Nunan's. We take care of setting your flowers up at the reception as discussed.

## **Flower Care Upon Delivery**

In creating your wedding designs, we use fresh, well-conditioned flowers, and the designs are kept refrigerated and misted for freshness until the moment they are placed in our sparkling white delivery boxes. Upon receipt of the flowers, they should be kept in a cool place away from direct light and heat. If the bouquets have hand-tied stems, a water source will be provided.

Our delivery person will bring the floral boxes into the house, and further handling and distribution will happen by you or someone you have designated to carry out the task.

We offer our services for handling the bouquets for the wedding party and the pinning of corsages and boutonnieres at an additional service fee computed on an hourly basis.

***We look forward to meeting you!***
